# ALLEN RL-90

## 90 Stops / Four-Manuals

An Allen Designer Series Organ

This 90-Stop Rudy Lucente Design is the culmination of his many years of experience in the Catholic music tradition. Employing Allen's advanced technology, the organ is designed with the versatility for both worship and concert use.

*"The RL-90 meets the need for a larger instrument, allowing Allen to offer the right choice to customers seeking the particular capabilities of the RL organs. I incorporated many of the specification attributes from the fine pipe organs that I am privileged to play, and the samples in the RL-90 have been meticulously selected to provide a cohesive ensemble, rich texture, and extraordinary solo voices.*

*It is a privilege to have been asked to assist in this design, and I am confident that the RL-90 will meet with the same success as has the RL-66a."*
